NSW Golf Club | Sydney

One of Sydney's most exclusive and prestigious private golf clubs and highly regarded as one of the finest in the world (Currently ranked #30 in the World Top-100 by Golf Digest). Majestically situated on the cliffs of the Pacific Ocean and Botany Bay, this is one of the most historically significant locations in Australia. On August 22, 1770, Captain James Cook first landed his vessel at this exact location in Botany Bay, 'discovering' and laying claim to the entire east coast of Australia for Britain. NSW Golf Club's sheer natural beauty and challenging construction has frequently been compared by PGA touring pros and international course architects alike, to that of world-renowned Pebble Beach.

Located only 25 minutes from Sydney's city centre, NSW GC defines what a coastal championship links-style course should be. A round here is a true test of shot-making. It's sea-side location can present you with the most calm, still & magical of days or...one filled the most punishing of ocean breezes. These dynamics guarantee that no matter of Mother Nature's mood or how you score, an unforgettable golf experience will be had.

Royal Melbourne Club | Melbourne

The Royal Melbourne Golf Club is a private Members' Club founded in 1891 and has been host to numerous national and international events. They have a proud reputation of providing members and guests with friendly, welcoming and inclusive service.

Much has been written on the qualities of the West Course but put simply it's a combination of great design and construction. It is full of dramatic undulation, fertile sandy soil with a natural rugged appearance.

The East Course starts and finishes on the main site and is highlighted by seven 'home paddock' holes. The bunkering is superb while the greens, though smaller than the West's, are as beautifully constructed and sloped. It incorporates some of the most dramatic undulation on the course, the short four, long four, and mid four start is brilliant with clear risk and reward options from the tee and birdie to double bogey possibilities. The closing stretch starts with the short par 4 15th and the heavily bunkered 16th, which is the flattest 'home paddock' hole of either course but one of the best and most underrated par 3s in Melbourne. The final two holes are famously used on the world-renowned Composite Course.

| Includes: 18 Hole round of golf, gourmet lunch and beverage, return transfers in luxury vehicle, Callaway's 'EPIC' Collection clubs, golf cart, refreshments, warm-up driving range balls, access to the Member-Only locker rooms and amenities.

Notable Golf Courses Nearby

Lost Farms at Barnbougle - The 20-hole course at Lost Farm has been built on steeper dunes adjacent to The Dunes course (featured on the next page) and across the Great Forester River. This is an exciting and challenging course with strategic bunkering, undulating greens and wide fairways.

Bougle Run at Barnbougle - A short course consisting of 14 holes – 12x Par 3's and 2x Par 4's – shaped into the ridge of dunes that surround the 8th and 11th holes of Lost Farm. Designed by Bill Coore and Ben Crenshaw, it's rumoured to be a lot of fun.

Scottsdale Golf Club - In Tasmania's northeast has a nine-hole fairly level course with water challenges. The well-watered fairways are bordered by Blackwood and Douglas Fir trees, a large lake presents a challenge on the 7th and 8th holes, and there are 10 bunkers. Nine holes, Par 70, 5436 metres.

Country Club Tasmania - An international standard 18-hole golf course in Launceston, originally designed and built as part of the property in 1982 by world famous golfers and course designers Mike Wolveridge and Peter Thomson. A typical Thomson/Wolveridge design, with a mixture of links and parkland styling, features include large challenging fairways, water hazards and fast greens. The 18-hole course has grown to be one of the best golf courses in Tasmania and is meticulously maintained by our team of greenkeepers.

The Dunes Golf Course | Barnbougle

The Dunes, Barnbougle's original course, is a Links Golf Course unlike any other in Australia. Meandering along Tasmania's dramatic Northeast coast, it's where breath taking scenery and thrilling golf truly come together. A blend of fescue and bent grasses, the course flourishes in the coastal environment. Fairways are wide, wider than most golfers will have experienced on traditional courses. The greens are lively; rolling with the natural undulation of the dunes and with the 4th hole boasting the largest bunker in the southern hemisphere, this course is designed to challenge.

The greens at Barnbougle Dunes run at speeds closely resembling the original greens of the great British links. Contoured in tune with the tumbling land around them, the greens feature a combination of broad slopes and ridges through the playing lines.
